

MATERIAL SAFETY DATA SHEET

(Effective Date: April 2003)

MAA KIT

1. PRODUCT IDENTIFICATION

Product Code: 4432

Chemical Formula: Not applicable for mixtures.

Formula CAS No.: Not applicable to mixtures.

Molecular Weight: Not applicable for mixtures.

Hazardous Ingredients: CAS#7772-99-8 Stannous Chloride,

2. PHYSICAL DATA

Appearance: Fine, white crystals in glass vials.

Radioactivity: Not applicable.

Concentration: 2.5 mg Albumin Aggregated, 5.0 mg Albumin Human, 0.06 mg Stannous Chloride, and 1.2 mg Sodium Chloride in 10 mL vial.

Specific Activity: Not applicable.

Odor: Odorless.

Solubility: Soluble in water.

Half-Life: Not applicable.

Boiling Point: No information found.

Melting Point: No information found.

Vapor Pressure (mm Hg): No information found.

Evaporation Rate: No information found.

Vapor Density (Air=1): No information found.

3. FIRE AND EXPLOSION HAZARD DATA

Fire: Substance is non-flammable.

Explosion: Not considered an explosion hazard.

Fire Extinguishing Media: Use water spray, dry chemical, CO₂ or foam as appropriate for the burning material.

Special Information: In the event of a fire, wear full protective clothing and a NIOSH approved self-contained breathing apparatus.

MAA KIT

4. HEALTH HAZARD DATA

A. Effects of Overexposure

Inhalation: Not considered an inhalation hazard.

Eye Contact: May cause mechanical irritation.

Ingestion: Not considered an acute health hazard.

Skin Contact: Not considered an acute health hazard.

Chronic Exposure: Not expected to be a chronic health hazard.

Aggravation of Pre-existing Conditions: Hypersensitivity reactions may occur in some individuals as a result of exposure to human serum albumin. Epinephrine, antihistamines and corticosteroids should be available for immediate use.

B. First Aid Procedures

Inhalation: First aid not required.

Ingestion: First aid not required.

Skin Exposure: Wash thoroughly with soap and water.

Eye Exposure: Rinse eyes a minimum of 15 minutes.

C. Toxicity Data

Not applicable.

5. REACTIVITY DATA

Stability: Material is stable.

Hazardous Decomposition Products: Thermal decomposition may produce CO₂, CO and corrosive fumes.

Hazardous Polymerization: Will not occur.

Incompatibilities: Oxidizing agents.

MAA KIT

6. SPILL OR LEAK PROCEDURES

If material is non-radioactive, collect and dispose as non-hazardous waste through an approved waste broker. If material is reconstituted, take appropriate precautions for radioactive material.

7. OCCUPATIONAL PROTECTION INFORMATION

Airborne Exposure Limits: Not established for mixtures.

Personal Respirators: (NIOSH Approved): Not required under normal conditions.

Skin Protection: Disposable rubber, plastic or latex gloves; lab coat.

Ventilation System: Use local exhaust.

Eye Protection: Safety goggles or safety glasses.

8. SPECIAL PRECAUTIONS

Read package insert prior to use.

CALIFORNIA PROPOSITION 65 INFORMATION

The State of California requires that customers and employees are provided with warnings about reproductive and carcinogenic hazards associated with substances sold in California. Under Proposition 65, the following statement applies:

This product does not contain a substance known to the State of California to cause reproductive toxicity.
